↖ Portfolio

🎓 EDUCATION

B.Tech. in Electrical and Electronics Engineering,
Younus Collage Of Engineering and Technology
2013 – 2017 | Kollam, Kerala

🧠 SKILLS

Languages *(Javascript ,TypeScript)*

Backend *(Node.js, Express.js, MongoDB, REST API)*

Frontend *(React, Redux, Bootstrap, Tailwind CSS, Sass)*

📁 PROJECTS

Hire, *Project Link* 🔗
- Tech Stack -**React,Tailwind CSS,Node js,Express js,MongoDB**
- Implemented responsive interfaces using React.js,Tailwind CSS and React Router.
- Created RESTful APIs with Node.js, Express.js, and MongoDB for efficient data management.
- Implemented secure user authentication using JWT.
- Deployed the application using Render and Vercel.
- Stayed updated on industry best practices, implementing new features and optimizations.

Cinema, *Project Link* 🔗
- Tech Stack- **React,Redux,Sass,Axios,TMDb API**
- Developed sleek and intuitive movie search app interface using React,Sass
- Implemented Redux for efficient state management.
- Used Axios for smooth interaction with the TMDb API, optimizing data retrieval and application performance.

Sportify, *Project Link* 🔗
- Tech Stack - **React,Tailwind CSS,Node.js,Express.js,MongoDB,Firebase**
- Developed an intuitive and responsive playground booking interface with React and Tailwind CSS.
- Used Node.js and Express for seamless frontend-backend communication.
- Utilized MongoDB for efficient storage of data, ensuring seamless interaction within the app.
- Implemented Firebase authentication for secure user registration, login, and seamless booking functionality.

💼 PROFESSIONAL EXPERIENCE

MERN Stack Web Developer Intern, *Entri*   Feb 2023 – Jan 2024
- Written well designed, testable, efficient code by using best software development practices.
- Executed assignments with the use of web applications, libraries, frameworks, scripts, database and programming languages such as HTML, CSS, JavaScript, React, Bootstrap,Tailwind CSS, Node.js, Express.js, MongoDB, Redux and APIs.
- Worked on version control using Git and GitHub, ensuring a collaborative and organized development environment.
- Maintained a professional understanding of web development by tracking trends and participating in study groups.

Electrical Engineer, *Jolly Industries*   Jun 2020 – Oct 2022
- Developed budgets, schedules, engineering analyses, preliminary designs and obtained resources for the design and installation/construction of electrical systems.
- Implemented regularly scheduled testing, maintenance, and preventative maintenance of electrical systems.

Junior Engineer, *Techosa Innovations*   Jun 2019 – May 2020
- Assembled and demonstrated circuitry for electronics and embedded projects.
- Executed quick turn prototyping, circuit bring-up and debugging new concepts.
- Assisted technical department in research and development.

Electrical Engineer, *Earth N'Sky Constructions*   Aug 2017 – Apr 2019
- Designed Electrical Systems for building construction projects, including power distribution, lighting, and signal systems using AutoCAD. Developed budgets, schedules, engineering analyses, and obtained resources for design and installation/construction of electrical systems.
